

**Haskell Portfolio Summary**

Computability, quarter 2

<b>Week</b>	<b>Reading Completed</b>	<b>Assignments Completed</b>
1	Did the prescribed reading in LYAH and read to page 28 in the Typeclassopedia.	Did all the assignment problems
2	Reread last week's readings.	Did all the assignment problems
3	A third time, I reread the first week's reading. I also read roughly the first half of APWE	Did the assigned problems, but ran out of time for the extra credit problem.
4	Did all the prescribed reading: the two wiki articles on Monads, LYAH ch 12, and a bit more in APWE	Did all the assigned problems.
5	Finished about half of the two assigned readings and continued to study the Typeclassopedia and APWE.	Did all the assigned problems.
6	Finished up the readings from last week.	Did all the assigned problems.
7	Read the IO chapter in LYAH	Did all the assigned problems.
8	Read Cardelli's type checking paper	Did the assigned problems
